

## Take Advantage of Enhanced Federal Tax Incentives for Capital Equipment

### Investing in Equipment Can Payoff in Big Tax Savings:

#### \$1,080,000 Write-off

The Section 179 deduction allows manufacturing companies to deduct new or used equipment purchases from their taxable income. The annual deduction limit is \$1,080,000, for companies purchasing (loan financing or leasing with a \$1.00 Purchase Option) up to \$2,700,000 of equipment. This deduction phases out dollar-for-dollar from \$2,700,000 to \$3,780,000 and is not available for companies purchasing over \$3,780,000 million in equipment.

#### 100% Bonus Depreciation

Bonus depreciation is taken after the Section 179 deduction limit has been reached. Companies can immediately deduct 100% of the cost of new or used equipment in the year it is placed in service. This bonus depreciation is available through 2022.
