Easy and Flexible Financing Solutions

Metalforming is proud to partner with Machinery Finance Resources (MFR) to provide machine financing solutions. Unlike most banks that maintain strict credit restrictions, MFR deals exclusively in equipment financing for manufacturers. MFR has the resources and knowledge to help your business develop and expand. When you work with MFR, you're ensured a customized financing solution that meets your specific business needs.

Investing in Equipment Can Payoff in Big Tax Savings:

$1,250,000 Write-off

The Section 179 deduction allows manufacturing companies to deduct new or used equipment purchases from their taxable income. The annual deduction limit is $1,250,000, for companies purchasing (loan financing or leasing with a $1.00 Purchase Option) up to $3,130,000 of equipment. This deduction phases out dollar-for-dollar from $3,130,000 to $4,380,000 and is not available for companies purchasing over $4,380,000 million in equipment.

40% Bonus Depreciation

Bonus depreciation applies after the Section 179 deduction limit is utilized. Companies can deduct 40% of the cost of new or used equipment in the year it is placed in service. This benefit is available through 2025, decreases to 20% in 2026, and phases out entirely in 2027.

EXAMPLE OF POSSIBLE SAVINGS:

Equipment Cost:	$1,300,000.00
Section 179 Deduction	$1,250,000.00
40% Bonus Depreciation Deduction	$20,000.00
Total First Year Deduction:	$1,270,000.00
Total Tax Savings: ($1,270,000.00 x 32%)	**$406,400.00**
(32% Assumed Federal Tax Rate Bracket)	
Equipment Cost After Tax Savings:	**$893,600.00**
